Out Area

ABBREVIATION REFERENCE: BNA = Block Numbering Area

Where international and municipio boundaries coincide, the map shows the boundary symbol for the only higher-ranking of these boundaries.

In 1990, the crew- or vessel- population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 maps locating a crew- or vessel- area. These areas show a very small area symbolized as a census tract with the census tract number shown near the HUC.

A following a block number indicates that the block number is repeated elsewhere in the map.
